Launched in 2018, the AMADEUS Queen is designed to offer our guests an effortless combination of the vibrant energy of a river cruise day with an increasingly calm and intimate ship experience. This includes not only generous public areas but also spacious cabins: 12 large suites impress with an outdoor balcony and a cozy reading corner whilst the 69 standard cabins mainly have panoramic window fronts which can be automatically lowered and luxurious bathrooms. The on-board highlight is the indoor pool, the roof of which can be opened in fine weather. In the evenings, this area may also be used for informative talks, functions and cinema showings.
